

Engineering Manager

Job Type: Permanent, Full time

Remuneration: Based on Experience; Benefit Package Available

Job Description and Key Responsibilities:

[Platinum Marine](#) is looking for an individual to lead and oversee a team of designers and engineers for yacht construction projects. The Engineering Manager will ensure the effective management of internal and external resources; as well as ensuring the engineering and technical documentation is delivered with respect to schedules, budgets, and quality.

- Overall responsibility of the execution and delivery of design and engineering documentation for yacht construction projects
- Provide leadership and expertise to the engineering team in one or more relevant discipline such as project management, naval architecture, structures, marine/systems engineering, electrical engineering, and outfitting
- Set plans, schedules and deliverables for all internal and external engineering and design resources
- Perform reviews and quality checks of engineering drawings and documentation from all internal and external resources before issuing for production
- Ensure compliance with Classification Societies, Flag State and Regulatory Bodies
- Oversee document control for the projects
- Work with vendors, consultants, and other outside parties to ensure technical information is obtained in line with planning and production expectations
- Work with production team leaders to support fabrication and/or installation of systems
- Consult with and include the production department in all designs to gain buy in and encourage collaboration between engineering and production

Qualifications:

- Experience in yacht building preferred
- Minimum 10 years' experience in the shipbuilding/marine industry
- Must have managed a team of engineers for a minimum of 3 years
- Proven understanding and application of naval architecture and marine engineering theories and principles
- Planning, budgeting, and resource allocation experience
- Excellent organizational, communications and interpersonal skills

Education/Training:

- Degree or diploma in naval architecture or marine engineering
- Proficient use of AutoCad, Rhino and other 3D modelling software
- Proficient in Microsoft Office applications such as Outlook, Word, Excel, and Project
- Project management training is considered an asset

Working Conditions

Reporting to the Operations Manager and working with the project teams, the candidate's time will primarily be spent in an office environment with visits to the work shop several times per day. Typical business hours are 7:00am – 3:30pm Monday to Friday. Travel may be required from time to time.

Company Description:

Platinum Marine is the largest full-service yacht refit and repair facility in Western Canada servicing boats over 60'. The shipyard and head office is located on Mitchell Island, Richmond (a suburb of Vancouver). With over 100 employees the company focuses on large refit and transformational projects. At any given time, Platinum has multiple large size projects on the go. Customers come primarily from Canada and the USA, but the company is known globally, and the clientele reflect this.

Platinum's management and professional staff are vastly experienced. Our workforce is highly trained and diverse. Top management include people from Canada, the USA, New Zealand, Australia, Turkey, and England. Positions include naval architects, designers, shipwrights, engineers, and specialized journeymen.

Our corporate culture values innovation, efficiency, and forward thinking. We support our employees' passion for boat building with best practices so that we have highly trained, motivated employees who feel they are an important part of the end product.

Platinum Marine's sister companies include [Crescent Yachts](#) , [CCYMarine](#), [Milltown Marine Services](#), [WrapBoats.ca](#), [Tactical Custom Boats](#)

If you feel this position meets your skills, experience, personal attributes, and you are ready for an exciting career working with luxury yachts, then we want to hear from you! Please apply by submitting your resume to mathieu@platinummarine.ca. Applicants must be legally entitled to work in Canada.

We appreciate the interest of all applicants, however, only those selected for an interview will be contacted.
